

THE NEW MOFFETT M8 NX MORE THAN JUST TOP PERFORMANCE

NX
SERIES

M8

MEET THE COMPLETELY REDESIGNED MOFFETT M8 NX

Always compliant with MOFFETT

All MOFFETT truck mounted forklifts are Stage V compliant. The Stage V engines powering the forklifts are equipped with a diesel particulate filter (DPF) which catches the particulate matter or soot in the exhaust. With MOFFETT your operation is secure today and tomorrow.

The all-new MOFFETT M8 NX is the world's best truck mounted forklift. It has been completely redesigned – on the inside as well as on the outside – to help you get a lot more out of it.

- Better performance
- Easier maintenance
- Enhanced styling
- Improved safety and comfort

The MOFFETT M8 NX is the specialist for high lift capacity. It tackles the most demanding operations, no matter what the conditions. With a lift capacity of up to 3,500 kg, the M8 NX can transfer heavy loads quickly and safely – even across challenging terrain.

▼ The products shown here in this brochure are part of Hiab's global product selection. Deviations of the selection due to geographical location may occur. Please contact your local Hiab dealer for further details on available models, accessories and options.

The M8 NX is incredibly powerful, yet compact enough to be carried on almost any truck or trailer. It's available with a wide range of options and attachments including 4-way steering for negotiating tight access areas with long loads.

The MOFFETT M8 NX is supported by our nationwide network of trained service technicians and factory approved replacement parts.

When you invest in the new MOFFETT M8 NX you get a next generation truck mounted forklift that delivers top performance, is easier to maintain and offers more comfort and safety. Which means your MOFFETT M8 NX spends more time at work – making more deliveries for you.

NEW FEATURES FOR BETTER PERFORMANCE, SAFETY AND COMFORT

MaxPerformance™

Lighter, but far from lightweight

The best truck mounted forklift in the world is now even stronger. Reduced weight providing more payload.

EasyService

Reduced maintenance time

The MOFFETT M8 NX has a redesigned hood, new split rear door and relocated battery compartment for easier routine checks and maintenance access.

Redesigned chassis
Lighter, improved weight distribution

HydraulicControl
Simplified, improved reliability

A single combined hydraulic assembly provides easier access, fewer components and improved reliability.

Mast
Outer/inner mast updated;
chain size optimized

Interlocking seatbelt
Prevents driving if not connected

LED work lights

GroundStart button

SafetyPlus™

Because safety comes first

Redesigned hood for better visibility, LED lights and seat presence indicator for further safety for the operator.

GroundStart
Enhancing safety

Now as standard, easier access to GroundStart control button for improved safety in use.
