TECH TALK: HOW TO MEASURE A COUPLING PIN

To check the wear of the 50mm coupling pin, use the **ROCKINGER** reference gauge (part no. **ROE500GAUGE**).

When the main ovulated section has worn down to 46,5 mm - or before - the coupling pin must be replaced. The maximum vertical play of the coupling pin may be 2 mm at the most.

TRT TRACTION AIR®

Tipping, forestry, harvesting, spreading, tankers, stock trucks, access equipment and agriculture work - if your fleet travels off-highway for any reason - TRT Traction Air® CTI can improve your performance.

- Improve traction
- Reduce tyre wear
- Reduce damage to road surfaces
- Greater fuel efficiency
- Improve vehicle and driver safety

Match tyre pressure to load and road surfaces, all from the comfort of the cab.

GET A GRIP, GET MOVING GET TRACTION AIR®

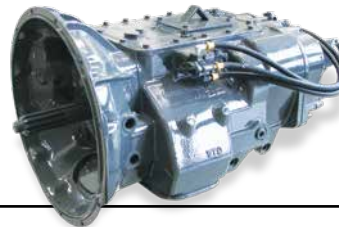

TRT Traction Air® Smart CTI System is designed and manufactured by TRT
