

TRT. MADE POSSIBLE

KAB 515

KAB//Seating

Suitable for Hitachi, Caterpillar, Komatsu, Volvo, Kobelco, Sumitomo, Case and more.

This seat has been designed for construction and earthmoving equipment including excavators, loaders, dozers, and graders. The KAB 515 seat features heavy-duty mechanical suspension rated to 150kg. The mid-height backrest provides superior lumbar support to protect your back. Featuring integrated height and tilt adjustment this seat is very versatile.

- Manual weight adjustment, 80-150kg
- Fore and Aft adjustment of 200mm
- 60mm seat height and tilt adjustment
- 5 position lumbar support
- Factory fitted adjustable armrests

Optional vinyl trim available. Shown here in standard fabric trim. TRT have a range of covers and APVS seat belts to suit.
